PAYMENT AND COLLECTION POLICY

The following financial policies have been enacted to enable us to continue to provide the highest quality of dental care to our patients. We value our relationship with our patients and will be happy to assist you regarding our policies and charges.

- If you have dental insurance, we will file claims as a courtesy for our patients. We do not have a contract with your insurance company, only you do. Most plans pay between 30 – 50% of the average dental treatment fee. The percentage paid is usually determined by how much you or your employer has set up with the insurance company. Insurance companies set their own fee schedules and each company uses a different set of fees. We have no control over how your insurance pays its claims or the amount they pay. We can only aid you in estimating your portion of the treatment cost; we at no time guarantee what your insurance will or will not do with each claim. **You will be responsible for your estimated fees and deductible at the time of service, as well as any balance that may remain after your insurance payments are received.**
- If we have knowledge that your insurance company sends payments to you rather than our dental office, you will be required to pay for the entire treatment at the time of services.
- If your insurance company has not paid your account within 90 days, you are responsible for the balance of your account.
- If you do not have dental insurance, full payment is required at the time of service.
- We accept payment in the form of cash, check, debit card, Visa, MasterCard and Discover or our financial partner, Care Credit.
- **A \$25.00 fee will be applied for all NSF/returned/stopped payment checks.**
- If your account is referred to a collection agency, you will be responsible for all fees incurred.

Please feel free to ask any questions you may have regarding our insurance or payment policies. We are happy to help you in any way we can regarding the processing of your insurance claims. Please sign below stating that you understand and accept our payment policy.

BROKEN DENTAL APPOINTMENT POLICY

It is our policy to reserve time for your appointments in order to give you the best treatment possible. We honor and value your time, and we expect that you will do the same for us. If for any reason you need to reschedule an appointment please call us **48 hours before your reserved time** so that we can give that time to someone who is waiting. Otherwise, as a matter of mutual respect, we trust that you will set other things aside and be here as agreed.

We hate to, but **we do charge for missed or broken dental appointments**. If you miss an appointment, you will be expected to pay a **Broken Appointment Charge of \$75** before coming in for a rescheduled appointment. If you miss a subsequent appointment, we will ask you to pay for your next appointment in advance.

We understand that some people have unpredictable schedules, but there is usually some way – such as same day or last minute scheduling – to accommodate almost anyone who really wants to take care of their health.

Our goal is to improve your health and well-being through quality dental care. Aiming for this, we can certainly make our schedules work together.
